

Midwest Heart Connection – Heart Heroes

LAB Foundation

Thank you so much for the LAB items and generous donation to the Midwest Heart Connection. I've attached a photo of my niece from the day we received your package which happened to also be her birthday! Her older brother had died after hours of being born due to a heart condition. She was born with a similar heart issue but had a successful surgery due to increased awareness and now her father volunteers with the Midwest Heart Connection and will get the check to the organization.

Thanks again! What a great way to celebrate the life of your son.
