

*"Making a difference in someone's life every day"*

Dear friends and family,

Happy 2023! Wishing you all a very blessed and heartfelt new year!

This past year the foundation was able to continue to support a number of programs. The programs include contributions to the youth coat drive, Lexi Rufenacht's LLS campaign, Ron Berry Memorial Fishing Derby, elementary school backpack food program, SCORE, and an Eagle Scout project to name a few. In addition to these programs, we remain devoted to our commitment in supporting students at Regis Jesuit High School. This last fall we were able to meet in person with Rosalyn '23 and Ja-Lyn '24. Both students are thriving with their academic endeavors and are grateful for what the foundation has allowed them to experience by attending RJHS. Rosalyn will graduate this spring and we wanted to share a little note from her:

*"I'm a senior at Regis Jesuit and I'm super excited! It's surreal how fast time goes. It has been a journey, and the Baumans have been there for me the whole time. From the moment I stepped into the school to now, as I'm so close to reaching the finish line, they've seen me grow. It is thanks to them that I had the opportunity to attend Regis Jesuit and now, head to a good college. So far, I've been accepted to every college I've applied to, and I owe some of that to the Bauman Foundation. They believed in me and aided me in my quest for a good education and it's finally paying off. This is why I thank the Baumans for paving a way and letting me walk that path—not only me but also all those who've come before us and the ones that will come next."*

And a LAB News Flash! Could there possibly be a LAB Golf Tournament 2.0? We would like to share that the foundation was approached by some of Logan's classmates who are considering stepping up to host another Logan Bauman Memorial Golf Tournament. We confided in Alyse with respect to her thoughts regarding this idea, and she is eager to be a part of the LAB tournament 2.0 as well. The preliminary plan is to have a 2-day tournament in June or July of 2024 in Chase County. The format will be a two-person scramble including one day at Imperial Golf Course and the second day at Enders Golf Course. We will keep you updated as things regarding the tournament develop, and when the new "administration" is put into place. Of course, Mr. B and Mrs. B will be taking a complete back seat to allow this next generation to run with it – hah

Once again, we are very thankful for your continued support to Logans' Foundation. Since starting our foundation in 2009, we have distributed over \$300,000 to different organizations and to hundreds of recipients. We thank each and every one of you for your continued support in helping us in keeping Logan's legacy alive and for allowing us the opportunity to provide many wonderful opportunities for the recipients. We look forward to continuing to support a number of our core sponsorships in the ensuing years and will keep you updated on all our future undertakings. Thank you once again.

With kind regards,

**Andy, Karla and Alyse Bauman**
